

**Directions: Earning CE Contact Hours with Elsevier**

1. Log into your UC Learning Center account.
2. Search for the Elsevier content you want to complete. Anything with a “CE” at the end offers CE contact hours.
3. Click “Start” on the Elsevier content. A separate window will open.
4. Click on “View CE Information” on the far right to review “How to Earn Continuing Education Credit” and how many CE contact hours are offered.

Note: You must complete all three (3) required steps in order to earn the contact hours:

- **Read the Clinical Skill extended text and view associated animations** (*where applicable*)

- **Complete the posttest and review your results**

**NOTE:** You must achieve a score of 80% or higher to earn CE credit.

- **Complete and submit the evaluation for the activity**

**NOTE:** Your continuing education credit is awarded the date you submit the evaluation. The date on your certificate is the date the evaluation is submitted.

5. Review the required content.
6. When you are done, click “Test”, complete the posttest, and click “Submit Test”. Once you have scored 80% or higher, you may continue.
7. Click “Claim Certificates” on the far right.

8. Complete Lesson Evaluation to access certificate

Bronchospasm: Postoperative Management (Perioperative) - CE

Access Certificates

Date Earned	Certificate Earned	Contact Hours
08/05/2020	<b>**Complete Lesson Evaluation to access certificate**</b>	

9. Set up Learner Profile if this is your first time accessing
10. Once Learner Profile has required information, click “Submit”
11. Complete Evaluation for the course.
12. Your certificate of completion will show. You can print the certificate, save it, or screenshot it for your records.

**Note:** your UC Learning Training Transcript will show that you completed the activity in Elsevier. However, this is *not* your official certificate showing the number of CE contact hours you received. You will need to save this information directly from Elsevier for licensing and certification needs.
