## Medication Assistance

Costco, Sam's Club, Target and Wal-Mart have discounted supplies of generic medication; \$4 for 30-day supply or \$10 for 90-day supply. You do not need to be a member of Costco or Sam's Club to utilize the pharmacy. If you are having difficulty paying the costs of your medication you may discuss getting on a generic version and/or other options with your healthcare team. Additional medication assistance may be available through the numerous pharmaceutical companies. Contact the pharmaceutical company manufacturing your prescribed medications for additional assistance. The organizations listed below may also offer medication payment assistance and discounted medication programs.
