Submitting to the UC Davis Health Contracts Clinical Trials Contracts Office

New Internal Processing Forms (IPFs) must be submitted to the UC Davis Health Contracts Clinical Trials Contracts Office (“Clinical Trials Contracts Office”) via Cayuse SP when approvals/authorizations are needed from the department chair(s) and/or dean's office(s). For all new agreements to be processed by the Clinical Trials Contracts Office, you will select “New – UC Davis Health” from the “Proposal Type” dropdown.

For all modifications to agreements, see the separate submission instructions included in this handbook.

Confidentiality Agreements are to be e-mailed to the Clinical Trials Contracts Office analyst with an editable agreement and e-mail chain that identifies the external contact for negotiation.

*Please note that industry funded Clinical Trials do not have a “Proposal” process that are reviewed in advance of the clinical trial award. For the purposes of industry funded clinical trials, the term “proposal” as used below and in Cayuse, means the required initial documentation and setup of the Clinical Trial contract request.

Proposals/Internal Processing Forms

A new Internal Processing Form (IPF) is required for all proposals submitted to the Clinical Trials Contracts Office. A proposal for an industry-funded clinical trial in Cayuse SP is the equivalent of what is commonly known as the Clinical Trial Packet. Follow the [general instructions](#) below when creating a new Internal Processing Form unless otherwise noted.

Quick Reference

1. [Start a Proposal.](#)
2. Complete or view the status of a [Proposal you started](#) or on which you have an interest or are key personnel.
3. [View Proposals in your unit](#) that were initiated by someone else [\(requires appropriate access/permissions\).](#)

Cayuse SP Auto-generated Numbers

Cayuse SP creates identification numbers for each Project, Proposal, Award and Subcontract/Subaward.

1. Project Number
 - a. Created by the Clinical Trials Contracts Office. Your Clinical Trials Contracts analyst will assign each Proposal and Subcontract/Subaward (if applicable) to a Project. Awards are created from Proposals and assigned to a Project.
2. Proposal Number
 - a. Created by Cayuse SP when the Proposal is created.
3. Award Number
 - a. Created by Cayuse SP when the Award is added to the Project. The Award Number is the Project Number plus three digits at the end that indicate the number of Awards in that Project. The first Award is the Project Number-“001”, the second is the “Project Number-002” and so forth.
4. Subcontract/Subaward Number
 - a. Created by Cayuse SP when the Subcontract/Subaward is added to the Project. The Subcontract/Subaward Number is the Project Number plus three digits at the end that indicate the number of Subcontracts/Subawards in that Project. The first Subcontract/Subaward is the Project Number-“S001”, the second is the “Project Number-S002” and so forth.

Necessary Information

1. Sponsor Name (*Note: Use the code for Miscellaneous Sponsors if the Sponsor is not included in the list*)
2. Academic Department or Administrative Unit administering the project
3. Primary Administrative Contact
4. Short Project Name (Protocol Number)
5. Project period (start and end dates listed on the UBT)
6. Activity Code: Select from the following Activity Codes only when submitting an industry-funded clinical trial.

Activity Code	Definition
06 Other Service	Service activity.
07 Clinical Trial – Investigator Initiated	Self-explanatory.
08 Clinical Trial – Sponsor Initiated	Self-explanatory.
14 Other	Anything that does not fit Activity Codes 01-13.

Table 2: Activity Codes

7. Type of proposal: New – UC Davis Health for all industry-funded clinical trials.

8. Instrument Type: Select from the following Instrument Types only when submitting an industry-funded clinical trial.

Instrument Type	Definition
Contract	A procurement relationship that is a legally binding contract with detailed financial and legal requirements, a specific work statement, and/or a specific set of deliverables and/or reports due to the sponsor.
Non-Monetary Agreement	An agreement that does not include money.

Table 3: Instrument Types – the Instrument Types above are the only type to be used for agreements processed by the Clinical Trials Contracts Office.

9. Sponsor deadline: Select the current date
10. Project Title: Replace the auto-populated short title with the entire protocol name after the protocol number in (i.e., “PROTOCOL NUMBER– COMPLETE PROTOCOL TITLE”)
11. F&A Rate(s) (determined by activity)
12. Are human subjects involved? If so, is there IRB protocol approval?
13. Location (i.e., Building, laboratory, etc.) where the activities will occur
14. If there are outgoing subawards: Contact information for the Subawardees
15. Sponsor contact information – name and email address at a minimum for the person we are to negotiate the contract with

Necessary Documents

The following documents are needed to submit an IPF to the Clinical Trials Contracts Office:

1. Sponsor budget*
2. Internal budget (UBT)*
3. Protocol*
4. Editable Draft Agreement (as a Word document)*
5. If there are subawards: Budget, subrecipient monitoring form and subrecipient commitment form
6. Appropriate compliance forms (Form 800 and 700U), filed online (Note: The [eCOI Online Disclosure System](https://or-forms.ucdavis.edu/) may be found at: <https://or-forms.ucdavis.edu/>)
7. Complete Principal Investigator Exception form, if applicable
8. Complete Exception to Policy for Clinical Study Contracts (<https://www.ucdmc.ucdavis.edu/healthsystemcontracts/clinicaltrialscontracts/docs/exceptiontoPolicyforIntellectualProperty.pdf>)

*These items, along with sponsor contact information, are **mandatory** for the Clinical Trial Contracts Office to begin review of any agreement.

NOTE: All clinical trial agreements also require that the Principal Investigator’s COIR Training is up to date, as required by the UC Office of the President.

Creating and Submitting Internal Processing Forms

(Note: All Proposal/IPF tabs must be complete, including the Budget section.)

1. Go to Start New Proposal under My Dashboard. (**Note: Do not copy previous IPFs.**)

2. General information: Complete the fields indicated below.

- a. Sponsor: If the sponsor is not listed, select Miscellaneous Sponsor, type the Sponsor Name in Submission Notes (last step before routing) and follow Step 4 below.
- b. Admin Unit: Unit that will administer the grant.
- c. Short Project Name: Protocol Number.
- d. Select the hyperlink to select the appropriate Activity Code (see Table 2 above).
- e. Proposal Type: New – UC Davis Health.
- f. Instrument Type: Select Contract or Non-Monetary Agreement.
- g. Select Submission Deadline: Current Date
- h. Title of Project: Protocol Number – Protocol Name.
- i. **Do not Pair your Proposal/IPF.**
- j. Select Save.

A screenshot of a web form titled 'Sponsor Information' and 'General Proposal Information'. The form contains various input fields and dropdown menus. Blue boxes with numbers 2.a through 2.j are placed over specific fields, with lines pointing to them. 2.a points to the 'Sponsor' field (Mallinckrodt Pharmaceuticals). 2.b points to the 'Prime Funding Agency' field. 2.c points to the 'Admin Unit' dropdown (OVCR - Sponsored Programs). 2.d points to the 'Short Project Name' field (Protocol Number). 2.e points to the 'Activity Code' dropdown (08 Clinical Trial - Sponsor Initiated). 2.f points to the 'Instrument Type' dropdown (Contract). 2.g points to the 'Click Here to Choose' link for the 'Affiliated Unit(s)'. 2.h points to the 'Sponsor Deadline' field (05/10/2018). 2.i points to the 'Title of Project' field (Protocol Number - Protocol Name). 2.j points to the 'Save' button at the bottom right. The form also includes fields for 'Funding Opportunity/Sponsor application No.', 'Sponsor Program Name', 'Proposal Guideline URL', 'Project No.', 'Project Start Date', 'Project End Date', 'Proposal Type', and 'How will this proposal be submitted?'. There are also radio buttons for 'Postmark' and 'Receipt'.

3. After saving the General Information page, tabs will appear to the left.
 - a. Complete each section. (Note: **A green checkmark** will display when each section is complete.)

- b. Investigators/Research Team: Add all investigators and others that need **edit** access to the IPF and/or view access to the associated award. For Industry Sponsored Clinical Trial requests, add all investigators required to complete the Form 800. (Note: *The IPF/Proposal will route for approval by all units with personnel on this tab*)
 - i. Select the name of the key personnel to add. (Note: *You must enter the Lead Principal Investigator's information first.*)
 1. If the investigator is not listed and the person **has** a UC Davis appointment, email ORCayuseHelp@ucdavis.edu for assistance.
 2. If the investigator is not listed and **does not yet, but will**, have a UC Davis appointment either:
 - a. Initiate, complete and process a Temporary Affiliates Form (<https://itcatalog.ucdavis.edu/service/online-taf-temporary-affiliate-form>) for the new appointed individual **OR**
 - b. List the Department Chair as the Principal Investigator and update the IPF after the individual has a UC Davis appointment. This may require you to request Clinical Trials Contracts Office update the IPF record.
 - ii. Ensure the Unit listed is correct. If not correct, select the appropriate unit. **Do not** select a unit indicated as "Non Admin/Home" or that has language such as "(Use 123456)". If this language is displayed, **find and select the unit code identified in the parenthesis.**
 - iii. Select the Role
 1. Select Lead Principal Investigator for the Lead PI.
 2. Select Principal Investigator for any co-PI's (*co-PI's will be clearly identified in the CTA as being a PI*).

3. Select Investigator for any sub-investigators that are participating in the conduct of the study (who are not the Lead PI or co-PI).
- iv. Add the correct person months and sponsored effort. (*Note: If the salary included in the IPF is not determined from effort committed, and no effort is being committed, enter 0% in the Sponsored Effort % and include the appropriate amount on your budget.*)
- v. Cost Shared effort should always be "0" for industry Clinical Trials.
- vi. Add the appropriate Allocation of Credit. (*Note: Must equal 100% total for all key personnel. Principal Investigators and departments can determine how to allocate credit. Typically, 100% of credit is given the Lead Principal Investigator, even when effort is 0%.*)
- vii. Select Save Personnel. (*Note: Saved Personnel will display under List of Personnel.*)
- viii. Repeat for each Key Personnel and person needing edit access to the IPF and/or view access to the associated award.

j. Additional Questions

- i. Answer all required Additional Questions (indicated by a red *).
- ii. If this is a [Limited Submission](#), upload the selection notification email in the Proposal Attachments tab.
- iii. All Clinical Trial Contracts should state “Human Health” in the dropdown under “Health Relatedness”.
- iv. Select Save.

The screenshot shows a web form titled '>> Additional Questions'. At the top left, a callout box labeled '3.j.i.' points to the title. Below the title, a red asterisk indicates required fields. Five questions follow, each with radio button options for 'Yes' and 'No'. A callout box labeled '3.j.ii.' points to the first question. Below the questions, section '6. Health Relatedness' is shown. A callout box labeled '3.j.iii.' points to a dropdown menu currently set to 'Human Health'. Below this, section '7. Please select additional areas that also describe your activity (check all that apply)' is shown. A callout box labeled '3.j.iv.' points to the 'Save' button at the bottom right of the form. The 'Save' button is next to a 'Reset' button.

k. Location of Sponsored Activities

- i. Indicate all locations where the work under this project will be performed and the Percent of Work at each location. Do not enter location of Subawardee(s). (*Note: This list should match the 1572.*)
- ii. Select Add. (*Note: The location will appear under the appropriate listing. An error will display until the total Location of Sponsored Activities equals 100%.*)

>> Location of Sponsored Activities

Please indicate the location(s) where your research will occur and assign a percentage to each location.

- Percentages should reflect the portion of budgeted salaries that will be expended in that location.
- Enter as many as apply in each quadrant below.
- Do not include subawardee locations on this page.

Note: If activities occur in a Davis or Sacramento campus facility, do not also add the state and country as separate locations.

The sum of percentages in all locations must equal 100%. It currently adds up to 0.00%. Please add or remove locations accordingly.

Campus Locations

If any sponsored activities occur on campus, please enter each location and the percentage of work that will be done there.

Click Add after each entry.

I. Proposal Abstract

- i. Indicate “No” under question 1.
- ii. For Abstract details, type N/A.
- iii. Under Field of Science, no selection is needed.
- iv. Select Save.

>> Proposal Abstract

* Indicates Required Fields

With your permission, this abstract will be used to help match faculty researchers with potential collaborators and funding resources and to help identify expertise and areas of research interests.

It may also be used to search key words in order to provide reports to UC Davis administrative offices regarding research on specific subjects.

The abstract should be plainly written and in sufficient detail to summarize the proposed activity. There is no need to write a special abstract for this purpose. The abstract or proposal summary for your proposal will be sufficient.

The abstract should not contain ANY institutional or sponsor proprietary information, such as description of a potentially patentable invention (e.g., a new and useful process, machine, article of manufacturing, composition of manufacture, or related improvements).

If so indicated below, this information will be available to the public--the public being defined as UC Davis personnel who have access to this proposal record.

n. Approving Units

- i. Check the Approving Units that auto-populate for accuracy. (Note: Contact ORCayuseHelp@ucdavis.edu if a Unit name is blank. If a Non-Admin unit is listed, ensure it is a rollup unit from one of the other units listed. Rollup will display under Role(s).)
- ii. Add other Units if appropriate. (Note: Do **not** add the Clinical Trials Contracts Office. The IPF will route to the Clinical Trials Office after all department/school level approvals have been obtained.)
- iii. Re-order the Routing if needed. (Note: If the IPF is being routed to the School of Medicine, re-order it to after all School of Medicine units.)
- iv. Select Authorize Unit Listing.

>> Approving Units

The units listed below will be notified to authorize this proposal record.
Please be certain every unit and/or campus resource involved with or used by this proposal is listed on this screen before submitting the proposal record for routing. Failure to include all affected resources/units may result in the necessity of rerouting for approvals.

Submit for Routing

3.p.ii.

3.p.iii.

Are you sure you wish to submit this Proposal Record?

Clicking YES will do four things:

1. The Proposal Record will be locked and can no longer be edited (except by the Admin Unit);
2. The Proposal Record will be routed to all affiliated units for review and concurrence; should any of these units reject the Proposal Record you will be notified by email of the rejection and for what reason(s);
3. The PI(s) will be notified by email that they must certify the Proposal Record in Cayuse Sponsored Projects; and
4. Ultimately, the Proposal Record will arrive in SPO for final review and approval.

Throughout these steps you, your PI, and any other contributing members listed on the Proposal Record will be able to track its review and approval status in Cayuse Sponsored Projects.

Once all affiliated units have approved the Proposal Record, you will receive an email indicating that it was submitted to SPO. If the proposal can be electronically submitted then no further action is required on your part. However, if the Sponsor requires any part of the proposal be submitted in hard copy, then any such copies, with original signatures as required, must be forwarded to SPO for a complete submission to be accomplished.

Editing an Internal Processing Form that has been Submitted for Routing

Once an IPF/Proposal has been Submitted for Routing, it may no longer be edited. If you need to make revisions, please follow the appropriate instructions below.

- Revisions that require re-approval from the IPF Approvers are:
 - Budget Cost Share, Incorrectly Applied (match/in-kind) (not applicable to Clinical Trial Contracts)
 - Effort Changed from Direct Charge to Cost-Share
 - Key-personnel added to the project after routing to Clinical Trials Contracts Office
 - Subawards added to the budget after routing to Clinical Trials Contracts Office
 - Incomplete IPF/proposal (refer to [Necessary Information and Documents](#))
 - Other revisions representing a significant change in commitment of departmental and/or campus resources
- Minor revisions that do not require re-approval from IPF Approvers include, but are not limited to:
 - Change in project title
 - Change in project dates
 - Edits to the abstract field
 - Minor budget edits

Submitting Award Modifications and Supplemental IPFs

For any Award modification (e.g., amendment, change in internal budget not requiring amendment, change in end date), send the e-mail request to the amendment analyst in the Clinical Trials Contracts Office with the following:

1. For Amendments – after final budget is negotiated with sponsor, e-mail the fully-editable amendment agreement and revised and approved UBT along with any e-mail chain identifying the sponsor contact for contract analyst to negotiate the amendment language (ensure the 700-U is updated in the eCOI system if there is an increase or any change to sponsor information)
2. For time extension/closeout – e-mail the new end date to the amendments analyst so that the analyst can advise if amendment is required
3. For an internal budget change only that does not require an amendment – e-mail the approved UBT to the amendments analyst (ensure the 700-U is updated in the eCOI system if there is an increase)

If an Award modification includes either of the following, then a new Internal Processing Form (IPF) must be submitted for new approvals of the department chair and Dean.

1. Change in Principal Investigator
2. Change in Administrative Unit of the award (e.g., from Pediatrics to Internal Medicine)

Follow the steps above for [Creating and Submitting IPFs](#) with the following differences.

1. General Information (*Note: Variation from [Creating and Submitting IPFs](#)*)

3. Required documents:
 - a. Signed Clinical Trials Exception to Policy from new PI
 - b. Editable amendment
 - c. Signed UBT approved by Department Chair
 - d. COI disclosures
 - e. Please note, updated IRB approval will be required prior to award
