

15th UCDAVIS

Annual Research Retreat on Host-Microbe Interaction

October 17-18, 2024, Granlibakken Conference Center, Tahoe City, CA

Organizers

Satya Dandekar

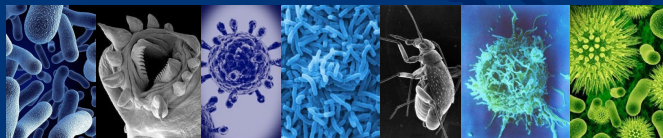

Andreas Bäumlér

Registration

The registration deadline is September 10. **Poster presentations are welcome!**
Please contact Karryn Doyle at kddoyle@ucdavis.edu for information about registering.

Topics

The meeting covers a broad range of topics stretching from microbial physiology to the host immune system, including work on bacteria, viruses, parasites, vectors, microbial communities and the immune responses of plants, mammals and invertebrates.

Faculty Speakers

Angela Gomez-Simmonds, Medicine, Div. of Infect. Diseases

Stefan Rothenburg, Medical Microbiology and Immunology

Allison Ehrlich, Environmental Toxicology

Rodolfo Urbano, Pathology, Microbiology and Immunology

Yi Wang, Biological and Agricultural Engineering

T32 AMID-sponsored Keynote Speaker

Tom Schmidt, University of Michigan, Ann Arbor

Oral Presentations by Students and Postdocs

Jingjun Lin, Medicine, Division of Infectious Diseases

Anneliek Maria ter Horst, Population Health and Reproduction

Sophie Gretler, Medical Microbiology and Immunology

Anaïs Larabi, Medical Microbiology and Immunology

Dylan Kramer, Medical Microbiology and Immunology

Paulo Zaini, Plant Biology and Plant Sciences

Claire Morris, Anatomy, Physiology and Cell Biology

Alejandra Mejia, Food Science and Technology

Natasha Tanner, Medicine, Division of Infectious Diseases

Michael Cremin, Anatomy, Physiology and Cell Biology

Amber van Hecke, Pathology, Microbiology and Immunology

Liubov Cherkashchenko, Chemical Engineering
