- **6 Pain Medicine Fellows;** Start date August 1. We participate in NRMP. 1 year intensive training program; ACGME accredited; board certification.
- Comprehensive education and training in pain medicine through mentorship, research and clinical care.
- **8 Interventional Pain Attendings,** 2 Pain Psychology Specialists, 2 Pain Pharmacists, 2 Acupuncturists, and 2 Private Practice Adjunct Faculty

- Approximately **25 weeks of procedures** with neuromodulation exposure including **DRG, SCS, and PNS.** Robust ultrasound curriculum with procedures at 3 clinical sites including prolotherapy, large joint injections, and nerve blocks.
- Recent approval for **(3) advanced minimally-invasive spine (MIS) procedures including indirect spinal decompression, basivertebral nerve ablation, and nucleus pulposus tissue allograft injections.**

- Cancer pain exposure including regular rotations at the UCD Cancer Center and **intrathecal pump implantation and management.**
- In-house cadaver skills workshops for UC Davis Pain Medicine attendings and fellows 3-4 times a year.
- Ongoing active IRB research including **neuromodulation patient selection, virtual reality applications, knee osteoarthritis, and low back pain PET imaging.**
