

**Pathology and Laboratory Medicine  
Research Seminar**

**“From Molecules to Medicines:  
Seeking Precision Therapies for  
Epilepsy”**

**At the conclusion of this seminar, participants will  
be able to:**

1. Understand the need for new therapies that treat the causes of epilepsy development and progression.
2. Appreciate potential molecular mechanisms that may contribute to epilepsy development and progression.
3. Understand how these mechanisms can be targeted for future therapies to reduce epilepsy development and progression.

**12 – 1 p.m.  
Wednesday, June 17, 2026**

**Center for Health and Technology  
(CHT) 1341 LH**

**CME CREDIT IS NOW OFFERED FOR THIS  
SERIES!  
REGISTER YOUR ATTENDANCE**

**TO LOG YOUR ATTENDANCE, USE THE QR CODE IN THE LEFT**

**ACCREDITATION**
