

Master of Public Health

Curriculum

The Master of Public Health program consists of 56 quarter units. 40 units are for core course requirements and the remaining 16 units are for electives. During the program, students will select a concentration in epidemiology or general public health to fulfill their degree requirements. The typical length of the program is 10-12 months.

Typical Timeline & Sequence of Courses

Summer Session II Aug. - Sept.	Fall Sept. - Dec.	Winter Jan. - Mar.	Spring Apr. - Jun.
SPH 290 (1 unit) SPH 297 (1 unit) SPH 281 (1 unit) SPH 273 (3 units) SPH 283 (3 units)	SPH 210 (2 units) SPH 244 (4 units) EPI 205 (4 units) SPH 290 (1 unit) SPH 297 (1 unit) SPH 262 (3 units) *Electives optional (up to 3 units)	SPH 245 (4 units) SPH 297 (2 units) SPH 290 (1 unit) SPH 222 (3 units) *Electives optional (up to 8 units)	SPH 297 (6 units) Public Health Practicum *Electives optional (up to 12 units)
Total units: 9	Total units: no more than 18	Total units: no more than 18	Total units: no more than 18

Public Health Practicum

The curriculum includes a practicum that allows students to gain practical experience working on a 300-hour project related to their area of interest and/or career goals in public health. The practicum is a unique opportunity for students to synthesize and integrate knowledge acquired through coursework and other learning experiences and to apply theory and principle in a practical public health setting.

MPH Core Courses (40 units)

- SPH 244: Introduction to Health Science Statistics
- SPH 245: Biostatistics for Health Sciences
- SPH 210: Public Health Informatics
- EPI 205: Principles of Epidemiology
- SPH 262: Principles of Environmental Health Science
- SPH 273: Health Services Administration
- SPH 222: Social & Behavioral Aspects of Public Health
- SPH 281: SAS
- SPH 290: Seminar in Public Health
- SPH 297: Public Health Practicum
- SPH 283: Public Health Program Planning

MPH Concentrations

- General Public Health
- Epidemiology
