

Transplant Medication Education - Closed Circuit TV System

You may view any of the videos below **by using the telephone provided in your room to call 3-7038 and following the instructions given over the telephone.** The system will tell you to enter the code number for your video selection on the telephone. Please see the codes below. The telephone instructions will direct you to the channel on which to view your movie. Listen closely for this channel number. The video will begin immediately. During busy viewing times, all of the channels may be busy. However, the system will call you back when a channel is open to see if you are still interested in viewing your selection. The videos below can also be found under the category “Transplant Medications.”

The video can be accessed at: <https://www.youtube.com/watch?v=9HoPjbMCYw0>. Use the table below to select the topics, as indicated under “Link (time)”.

Please watch the appropriate segments indicated with “X” on CCTV or on the link time provided.
